K.I.T. Group Privacy Policy

Foreword

We, K.I.T. Group GmbH including our subsidiaries (hereinafter collectively: "K.I.T. Group", "the company", "we" or "us") take the protection of your personal data seriously and would like to inform you here about the data protection in our company.

Within the scope of our responsibility under data protection law, additional obligations have been imposed on us by the entry into force of the EU General Data Protection Regulation (Regulation (EU) 2016/679; hereinafter: "GDPR") in order to ensure the protection of personal data of the person affected by a processing operation (we also address you as data subject hereinafter with "customer", "user", "you", "you" or "data subject").

Insofar as we decide, either alone or jointly with others, on the purposes and means of data processing, this includes above all the obligation to inform you transparently about the nature, scope, purpose, duration and legal basis of the processing (cf. Articles 13 and 14 GDPR). With this statement (hereinafter: "Privacy Notice"), we inform you about the manner in which your personal data is processed by us.

The design and granting of consent to data processing shall be exclusively in accordance with the requirements of Section 25 (1) TTDSG in conjunction with Artt. 6 (1) lit. a GDPR, 5 No. 11 GDPR.

Our data protection notices have a modular structure. It consists of a general part for all processing of personal data and processing situations that come into play each time a website is called up (A. General) and a special part, the content of which relates in each case only to the processing situation specified there with the designation of the respective offer or product, in particular the visit to websites and/or participation in the event specified in more detail here (B. Visit to websites). Section C. (Cookie Policy) with its presentation of the cookies and tools used then refers to the above information. In addition, the special sections D. (Business partners) and E. (Applicants) must be taken into account in the event of corresponding processing operations.

Part B (website and social media presence, congress offerings)

A. General

(1) Definitions
Following the example of Art. 4 GDPR, these data protection notices are based on the following definitions:

- **Personal data** (Art. 4 No. 1 GDPR) means any information relating to an identified or identifiable natural person ("data subject"). A person is identifiable if he or she can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, an online identifier, location data or by means of information relating to his or her physical, physiological, genetic, mental, economic, cultural or social identity characteristics. The identifiability can also be given by means of a linkage of such information or other additional knowledge. The origin, form or embodiment of the information is irrelevant (photographs, video or audio recordings may also contain personal data).

- **Processing** (Art. 4 No. 2 GDPR) means any operation which involves the handling of personal data, whether or not by automated (i.e. technology-based) means. This includes in particular the collection (i.e. acquisition), recording, organization, arrangement, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment, combination, restriction, erasure or destruction of personal data, as well as the change of a purpose or intended use on which a data processing was originally based.

- **Controller** (Art. 4 No. 7 GDPR) means the natural or legal person, public authority, agency or other body which alone or jointly with others determines the purposes and means of the processing of personal data.

- **Third Party** (Art. 4 No. 10 GDPR) means any natural or legal person, public authority, agency or other body other than the Data Subject, the Controller, the Processor and the persons who are authorized to process the Personal Data under the direct responsibility of the Controller or Processor; this also includes other group-affiliated legal entities.

- **Third Party** (Art. 4 No. 10 GDPR) means any natural or legal person, public authority, agency or other body other than the Data Subject, the Controller, the Processor and the persons who are authorized to process the Personal Data under the direct responsibility of the Controller or Processor; this also includes other group-affiliated legal entities.

- **A "processor"** (Art. 4 No. 8 GDPR) is a natural or legal person, authority, institution or other body that processes personal data on behalf of the controller, in particular in accordance with the controller's instructions (e.g. IT service provider). In particular, a processor is not a third party in the sense of data protection law.

- **Consent** (Art. 4 No. 11 GDPR) means any freely given specific, informed and unambiguous indication of the data subject's wishes in the form of a statement or other unambiguous affirmative act by which the data subject signifies his or her agreement to the processing of personal data relating to him or her.

(2) Name and address of the controller
We are the responsible party for the processing of your personal data on the websites operated by us within the meaning of Art. 4 No. 7 GDPR:

(4) Legal basis for data processing

By law, in principle, any processing of personal data is prohibited and only permitted if the data processing falls under one of the following justifications:

- Art. 6 (1) lit. a GDPR ("consent"): When the data subject has voluntarily, in an informed manner and unambiguously indicated by a statement or other unambiguous affirmative act that he or she consents to the processing of personal data relating to him or her for one or more specific purposes;
- Art. 6 (1) lit. b GDPR: If the processing is necessary for the performance of a contract to which the data subject is a party or for the performance of pre-contractual measures taken at the request of the data subject;
- Art. 6 (1) 1 lit. c GDPR: If processing is necessary for compliance with a legal obligation to which the controller is subject (e.g. a legal obligation to preserve records);
- Art. 6 (1) lit. d GDPR: If the processing is necessary to protect the vital interests of the data subject or another natural person;
- Art. 6 (1) lit. e GDPR: If the processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller, or
- Art. 6 (1) lit. f GDPR ("Legitimate Interests"): When processing is necessary to protect the legitimate (in particular legal or economic) interests of the controller or a third party, unless the conflicting interests or rights of the data subject override (in particular if the data subject is a minor).

For the processing operations carried out by us, we indicate below the applicable legal basis in each case. A processing operation may also be based on several legal bases.

(5) Data deletion and storage period
For the processing operations carried out by us, we indicate below in each case how long the data will be stored by us and when it will be deleted or blocked. If no explicit storage period is specified below, your personal data will be deleted or blocked as soon as the purpose or legal basis for the storage no longer applies. As a matter of principle and as far as possible, your data will only be stored on our servers in Germany, subject to any transfer that may take place in accordance with the provisions in A.(7) and A.(8).

However, storage may take place beyond the specified time in the event of a (threatened) legal dispute with you or other legal proceedings or if storage is provided for by statutory provisions to which we are subject as the responsible party (e.g. § 257 HGB, § 147 AO). If the storage period prescribed by the legal regulations expires, the personal data will be blocked or deleted unless further storage by us is necessary and there is a legal basis for this.

(6) Data security
We use appropriate technical and organizational security measures to protect your data against accidental or intentional manipulation, partial or complete loss, destruction or against unauthorized access by third parties (e.g. TLS encryption for our website), taking into account the state of the art, implementation costs and the nature, scope, context and purpose of the processing, as well as the existing risks of a data breach (including its probability and impact) for the data subject. Our security measures are continuously improved in line with technological developments.

We will be happy to provide you with more detailed information on request. Please contact our data protection officer (see under A.(3)).

(7) Cooperation with processors
As with any larger company, we also use external domestic and foreign service providers (e.g. for IT, logistics, telemedia services and telecommunications, sales and marketing) to handle our business transactions. They only act on our instructions and have been contractually obligated to comply with the data protection provisions in accordance with Article 28 of the GDPR or - if applicable - on the basis of standard contractual clauses.

Insofar as personal data from you is passed on by us to our subsidiaries or is passed on to us by our subsidiaries (e.g. for advertising purposes), this is done on the basis of existing order processing relationships or joint responsibilities. You can find an overview of our subsidiaries at https://kit-group.org/offices/

(8) Conditions for the transfer of personal data to third countries
In the course of our business relationships, your personal data may be transferred or disclosed to third party companies. These may also be located outside the European Economic Area (EEA), i.e. in third countries. Such processing takes place exclusively for the fulfillment of contractual and business obligations and to maintain your business relationship with us. We will inform you about the respective details of the transfer in the following at the relevant points.

Some third countries are certified by the European Commission as having a level of data protection comparable to the EEA standard through so-called adequacy decisions (a list of these countries and a copy of the adequacy decisions can be found here: http://ec.europa.eu/justice/data-protection/international-transfers/adequacy/index_en.html). However, in other third countries to which personal data may be transferred, there may not be a consistently high level of data protection due to a lack of legal provisions. If this is the case, we ensure that data protection is adequately guaranteed. This is possible through binding company regulations, standard contractual clauses of the European Commission for the protection of personal data, certificates or recognized codes of conduct. Please contact our data protection officer (see under A.(3)) if you would like more information on this.

(9) No automated decision making (including profiling).
We do not intend to use any personal data collected from you for any automated decision making process (including profiling).
(10) No obligation to provide personal data

We do not make the conclusion of contracts with us dependent on you providing us with personal data in advance. As a customer, you are under no legal or contractual obligation to provide us with your personal data; however, we may only be able to provide certain services to a limited extent or not at all if you do not provide the necessary data. If this should exceptionally be the case in the context of the products we offer presented below, you will be informed of this separately.

(11) Legal obligation to transmit certain data

We may be subject to a specific legal or statutory obligation to provide the lawfully processed personal data to third parties, in particular public bodies (Art. 6 (1) lit. c GDPR).

(12) Your rights

You can assert your rights as a data subject regarding your processed personal data at any time by contacting us using the contact details provided at the beginning of A.(2). You have the right as a data subject:

- In accordance with Art. 15 GDPR, you may request information about your data processed by us. In particular, you can request information about the processing purposes, the category of data, the categories of recipients to whom your data has been or will be disclosed, the planned storage period, the existence of a right to rectification, erasure, restriction of processing or objection, the existence of a right of complaint, the origin of your data if it was not collected by us, as well as the existence of automated decision-making, including profiling and, if applicable, meaningful information about its details;
- In accordance with Art. 16 GDPR, you have the right to demand the correction of incorrect data or the completion of your data stored by us without delay;
- In accordance with Art. 17 GDPR, you may request the deletion of your data stored by us, unless the processing is necessary for the exercise of the right to freedom of expression and information, for compliance with a legal obligation, for reasons of public interest, or for the assertion, exercise or defense of legal claims;
- In accordance with Art. 18 GDPR, you have the right to demand the restriction of the processing of your data, insofar as the correctness of the data is disputed by you or the processing is unlawful;
- according to Art. 20 GDPR to receive your data that you have provided to us in a structured, common and machine-readable format or to request the transfer to another controller (“data portability”);
- object to the processing pursuant to Art. 21 GDPR, provided that the processing is based on Art. 6 (1) lit. e or lit. f GDPR. This is particularly the case if the processing is not necessary for the performance of a contract with you. Unless it is an objection to direct marketing, when exercising such an objection, we ask you to explain the reasons why we should not process your data as we have done. In the event of your justified objection, we will review the merits of the case and either discontinue or adapt the data processing or show you our compelling legitimate grounds on the basis of which we will continue the processing;
- according to Art. 7 (3) GDPR your consent given once (also before the validity of the GDPR, i.e. before 25.5.2018) - i.e. your voluntary will made understandable in an informed manner and unambiguously by means of a declaration or other unambiguous confirming act that you agree to the processing of the personal data in question for one or more specific purposes - to be revoked at any time vis-à-vis us, if you have given such consent. This has the consequence that we may no longer continue the data processing, which was based on this consent, for the future and

In accordance with Art. 77 GDPR, you have the right to lodge a complaint with a data protection supervisory authority about the processing of your personal data in our company, for example with
the data protection supervisory authority responsible for us: Berlin Commissioner for Data Protection and Freedom of Information, Alt-Moabit 59-61, 10555 Berlin, Germany, Tel.: +49 30 13889-0, Fax: +49 30 2155050 mailbox@datenschutz-berlin.de

(13) Changes to the data protection notice
In the context of the further development of data protection law and technological or organizational changes, our data protection information is regularly reviewed to determine whether it needs to be adapted or supplemented. You will be informed of any changes, in particular on our German website at www.kit-group.org. This data protection notice is current as of September 2023.

B. Visiting websites

(1) Explanation of the function
You can obtain information about our company and the services we offer in particular on our company’s website and associated subpages at www.kit-group.org (hereinafter collectively referred to as "websites"). When you visit these websites, personal data may be processed.

(2) Personal data processed
When using the websites for information purposes or when contacting us via the website, the following categories of personal data are collected, stored and processed by us:

"Log data": When you visit our websites, a so-called log data record (so-called server log files) is stored temporarily and anonymously on our web server. This consists of:

- the page from which the page was requested (so-called referrer URL).
- the name and URL of the requested page
- the date and time of the call
- the description of the type, language and version of the web browser used.
- the IP address of the requesting computer, which is shortened in such a way that a personal reference can no longer be established.
- the amount of data transferred
- the operating system
- the message whether the call was successful (access status/http status code).
- the GMT time zone difference

"Contact details": If you use the e-mail addresses provided to contact us, the data transmitted will be processed (at least the e-mail address and the time of transmission, in addition, depending on the information provided, e.g. surname and/or first name, address and/or institution/company, if applicable).

"Contact form data": When contact forms are used, the data transmitted through them are processed (e.g. e-mail address and the time of transmission, surname and/or first name, if applicable).
“Newsletter Data”: In addition to the purely informational use of our website, we offer the subscription to our newsletter, with which we inform you about current developments at K.I.T. Group and events. If you subscribe to our newsletter, the following "newsletter data" will be collected, stored and processed by us:

- the page from which the page was requested (so-called referrer URL).
- the date and time of the call
- the description of the type of the used web browser
- the IP address of the requesting computer, which is shortened in such a way that a personal reference can no longer be established.
- the e-mail address
- the date and time of registration and confirmation

We would like to point out that we evaluate your user behavior when sending the newsletter. For this evaluation, the emails sent contain so-called web beacons or tracking pixels, which are single-pixel image files that are stored on our website. For the evaluations, we link the aforementioned data and the web beacons with your e-mail address and an individual ID. Links contained in the newsletter also contain this ID. The data is collected exclusively pseudonymously, i.e. the IDs are not linked with your other personal data, a direct personal reference is excluded.

(3) Purpose and legal basis of data processing

We process the personal data specified in more detail above in accordance with the provisions of the GDPR, the other relevant data protection regulations and only to the extent necessary. Insofar as the processing of personal data is based on Art. 6 (1) lit. f GDPR, the aforementioned purposes also represent our legitimate interests.

- The processing of the log data serves statistical purposes and the improvement of the quality of our website, in particular the stability and security of the connection (legal basis is Art. 6 (1)lit. f GDPR).
- The processing of contact data is carried out for the processing of customer inquiries, for informational and/or promotional purposes (legal basis is Art. 6 (1)lit.b or lit. f GDPR, if consent is given Art. 6 (1)lit a GDPR).
- The processing of contact form data is carried out for the processing of customer inquiries, for informational and/or promotional purposes (legal basis is Art. 6 (1)lit.b or lit. f GDPR, if consent is given Art. 6 (1)lit a GDPR).
- The newsletter data is processed for the purpose of sending the newsletter. When registering for our newsletter, you consent to the processing of your personal data (legal basis is Art. 6 (1)lit. a GDPR). For the registration to our newsletter, we use the so-called double opt-in procedure. This means that after your registration, we will send you an e-mail to the e-mail address you provided, in which we ask you to confirm that you wish to receive the newsletter. The purpose of this procedure is to be able to prove your registration and, if necessary, to clarify a possible misuse of your personal data. You can revoke your consent to the sending of the newsletter at any time and unsubscribe from the newsletter. You can declare the revocation by clicking on the link provided in every newsletter e-mail, by e-mail to info@kit-group.org or by sending a message to the contact details given in the imprint.

(4) Duration of data processing

Your data will only be processed for as long as is necessary to achieve the above-mentioned processing purposes; the legal bases specified in the context of the processing purposes apply accordingly. With regard to the use and storage duration of cookies, please refer to point A.(5) and the Cookie Policy in section C.

Third parties engaged by us will store your data on their systems for as long as is necessary in connection with the provision of services for us in accordance with the respective order.

For more details on the storage period, please refer to A.(5) and the Cookie Policy in section C.
(5) Transfer of personal data to third parties; basis for justification

The following categories of recipients, which are usually processors (see A.(7)), may receive access to your personal data:

- Service providers for the operation of our websites and the processing of data stored or transmitted by the systems (e.g. for data center services, payment processing, IT security). The legal basis for the transfer is then Art. 6 (1)lit. b or lit. f GDPR, insofar as it does not involve order processors;
- Government agencies/authorities, insofar as this is necessary to fulfill a legal obligation. The legal basis for the disclosure is then Art. 6 (1)lit. c GDPR;
- Persons used to carry out our business operations (e.g. auditors, banks, insurance companies, legal advisors, supervisory authorities, ISO certification bodies). The legal basis for the disclosure is then Art. 6 (1)lit. b or lit. f GDPR.
- Professional bodies (medical and non-medical) as part of the recognition of training events and the award of training points to participants (CME certification bodies). The legal basis for the transfer is Art. 6 (1)lit. b or lit. f GDPR, insofar as it does not involve order processors.
- Service providers for the organization and implementation of the event and the processing of the transmitted data required for this purpose (e.g. logistics, technical service providers, accommodation and transport companies, catering). The legal basis for the transfer is Art. 6 (1)lit. b or lit. f GDPR, insofar as it does not involve order processors.

For the guarantees of an adequate level of data protection in the event of a transfer of the data to third countries, see A.(8).

In addition, we will only disclose your personal data to third parties if you have given your express consent to do so in accordance with Art. 6 (1)lit. a GDPR.

(6) Use of cookies, plugins and other services on our website

a) Cookie

We use cookies on our websites. Cookies are small text files that are assigned to the browser you are using and stored on your hard drive by means of a characteristic character string and through which certain information flows to the body that sets the cookie. Cookies cannot execute programs or transfer viruses to your computer and therefore cannot cause any damage. They serve to make the Internet offer as a whole more user-friendly and effective, i.e. more pleasant for you.

Cookies can contain data that makes it possible to recognize the device used. In some cases, however, cookies only contain information about certain settings that are not personally identifiable. However, cookies cannot directly identify a user.

A distinction is made between session cookies, which are deleted as soon as you close your browser, and permanent cookies, which are stored beyond the individual session. With regard to their function, a distinction is made between cookies:

- Technical cookies: these are mandatory to move around the website, use basic functions and ensure the security of the website; they do not collect information about you for marketing purposes, nor do they store which web pages you have visited;
- Performance cookies: these collect information about how you use our website, which pages you visit and, for example, whether errors occur during website use; they do not collect information that could identify you - all information collected is anonymous and is only used to improve our website and find out what interests our users;
- Advertising cookies, targeting cookies: These are used to offer the website user tailored advertising on the website or offers from third parties and to measure the effectiveness of these offers; advertising and targeting cookies are stored for a maximum of 13 months;
Sharing cookies: These are used to improve the interactivity of our website with other services (e.g. social networks); sharing cookies are stored for a maximum of 13 months.

Any use of cookies that is not absolutely technically necessary constitutes data processing that is only permitted with your explicit and active consent pursuant to Art. 6 (1) lit. a GDPR. This applies in particular to the use of advertising, targeting or sharing cookies. In addition, we will only share your personal data processed through cookies with third parties if you have given your express consent to do so pursuant to Art. 6 (1) (a) GDPR.

b) Cookie Policy
For more information about which cookies we use and how you can manage your cookie settings and disable certain types of tracking, please see our Cookie Policy in Section C.

(2) Plugins and tools

2.1 Google Analytics
This website uses functions of the web analytics service Google Analytics. The provider of this service is Google Ireland Limited ("Google"), Gordon House, Barrow Street, Dublin 4, Ireland.

Google Analytics enables the website operator to analyze the behavior patterns of website visitors. For this purpose, the website operator receives a variety of user data, such as pages viewed, time spent on the page, operating system used and origin of the user. This data is assigned to the respective end device of the user. An assignment to a device ID does not take place.

Google Analytics uses technologies that enable the recognition of the user for the purpose of analyzing user behavior (e.g. cookies or device fingerprinting). The information collected by Google about the use of the website is usually transferred to a Google server in the United States and stored there.

The use of this analysis tool is based on Art. 6(1)(f) GDPR. The operator of this website has a legitimate interest in analyzing user behavior in order to optimize both the online offer and the advertising activities of the operator. If there is a corresponding consent, the processing is carried out exclusively on the basis of Art. 6 (1)lit. a) GDPR and § 25 (1)TTDSG, insofar as the consent includes the storage of cookies or access to information in the user’s terminal device (e.g. device fingerprinting) as defined by the TTDSG. This consent can be revoked at any time.
The data transfer to the USA is based on the Standard Contractual Clauses (SCC) of the European Commission. Details can be found here: https://privacy.google.com/businesses/controllerterms/mccs/

IP anonymization

On this website, we have activated the IP anonymization function. This means that your IP address will be shortened by Google within member states of the European Union or in other states party to the Agreement on the European Economic Area before being transmitted to the United States of America. Only in exceptional cases will the full IP address be transmitted to a Google server in the USA and shortened there. On behalf of the operator of this website, Google will use this information for the purpose of evaluating your use of the website, compiling reports on website activity and providing other services relating to website activity and internet usage to the operator of this website. The IP address transmitted by your browser as part of Google Analytics will not be merged with any other data held by Google.

Browser plugin

You can prevent the collection and processing of your data by Google by downloading and installing the browser plugin available at the following link: https://tools.google.com/dlpage/gaoptout?hl=en

For more information about how Google Analytics handles user data, please see Google’s privacy policy at: https://support.google.com/analytics/answer/6004245?hl=en

Demographic parameters provided by Google Analytics

This website uses the Google Analytics “Demographics” feature to display compatible ads to the website visitor within the Google advertising network. This allows reports to be generated that contain information about the age, gender and interests of the website visitor. The sources of this information are Google’s interest-based advertising and visitor data obtained from third-party providers. This data cannot be assigned to a specific person. You have the option at any time to deactivate this function by making the appropriate advertising setting changes in your Google account, or you can generally prohibit the collection of your data by Google Analytics, as explained in the section “Objection to the collection of data”.

Data processing agreement

We have concluded a data processing agreement with Google and fully implement the strict requirements of the German data protection authorities when using Google Analytics.

Retention period

User or event level data stored by Google in connection with cookies, user identifiers or advertising identifiers (e.g. DoubleClick cookies, Android advertising identifiers) will be anonymized or deleted after 14 months. 2.2 Mailchimp

MailChimp with performance measurement disabled
This website uses the services of MailChimp for sending newsletters. The provider is Rocket Science Group LLC, 675 Ponce De Leon Ave NE, Suite 5000, Atlanta, GA 30308, USA.

MailChimp is a service with which, among other things, the sending of newsletters can be organized. When you enter data to receive newsletters (e.g. email address), this data is stored on MailChimp's servers in the USA. We have deactivated Mailchimp's performance measurement so that Mailchimp does not evaluate your behavior when opening our newsletters.

If you do not want your data to be transmitted to Mailchimp, you must unsubscribe from the newsletter. For this purpose, we provide a corresponding link in every newsletter message.

The data processing is based on your consent (Art. 6 (1) lit. a GDPR) and § 25 (1) TTDSG, insofar as the consent includes the storage of cookies or access to information in the user's terminal device (e.g. device fingerprinting) as defined by the TTDSG. You can revoke this consent at any time by unsubscribing from the newsletter. The legality of the data processing operations already carried out remains unaffected by the revocation.

The data you provide for the purpose of receiving the newsletter will be stored by us or the newsletter service provider until you unsubscribe from the newsletter and will be deleted from the newsletter distribution list after you unsubscribe from the newsletter. Data that has been stored by us for other purposes remains unaffected by this.

After you have unsubscribed from the newsletter distribution list, your e-mail address will be stored by us or the newsletter service provider in a blacklist, if necessary, to prevent future deliveries. The data from the blacklist will only be used for this purpose and will not be merged with other data. This serves both your interest and our interest in complying with the legal requirements for sending newsletters (legitimate interest within the meaning of Art. 6 (1) lit. f GDPR). The storage in the blacklist is not limited in time. You can object to the storage if your interests outweigh our legitimate interest.

For further details, please refer to MailChimp's privacy policy at: https://mailchimp.com/legal/terms/

Job processing

We have concluded a data processing agreement (DVV) with the above-mentioned provider. This is a contract required under data protection law, which ensures that the provider only processes the personal data of our website visitors in accordance with our instructions and in compliance with the GDPR.

So-called marketing cookies ("advertising cookies") are regularly used on the website and associated subpages.

The following marketing cookie is used when using the websites:
